Whiticar Marine North makes upgrades

Whiticar Marine North at Harbortown Marina in Fort Pierce has undergone a lot of changes recently.

Whiticar Marine North now offers a wide range of sailboat services, including running rigging, standing rigging and sail care.

Also, an upgraded 150-ton Marine Travelift was added to the facility during the summer. With an additional 50-ton travel lift on site, Whiticar Marine North can better serve its customers in need of bottom paint jobs and haul-outs during the hurricane season or dry storage in the off season.

For more information, call 772-460-0660; contact Whiticar Marine North manager Tim Price at tim@whiticar.com; or visit www.whiticar.com.
